

## MILKSHAKE FREEZERS

# BUILT TO MOVE AND SHAKE

When there's no time to mess around with hand-dipped milkshakes, a Taylor shake freezer is always ready to go.

### SMARTER THAN HAND DIPPING

Once you've tried our freezers, you'll never go back to the old way. Here's what makes them so much better.

- They're much, much faster so customers don't have to wait
- They help you serve a more consistent product
- There's less mess so it's more hygienic
- There's less labor required and less product waste

### SERVING YOU, SERVING THEM

While our milkshake freezers are built to move and shake, we're built to serve. We support our customers with a global distributor network, dedicated help centers and the most highly trained service technicians in the industry.

### HOW TAYLOR FREEZERS KEEP YOU MOVING

From old-fashioned diners to fast-paced drive-thrus, our freezers are engineered to serve up spectacular shakes on the double.

- Unbeatable recovery speed for high-volume throughput
- Customizable viscosity
- Easy to mix-in fresh fruit, candies and syrups for traffic-driving LTOs
- Robust blending that won't let you down when things get busy
- Space-saving designs and reduced footprints

### CONVENIENCE AND PEACE OF MIND

Some models are available with 28HT—our special 28-day heat treatment feature that virtually eliminates daily maintenance.

- Go almost a month between cleanings without compromising food safety
- Add the Brush Butler service and a Taylor tech performs all monthly cleanings
